## Occupational Stress Management in EMS

Lt. Chris Barney, Lacey Fire District #3.

Start your year off right with a look at how to improve mental health and increase longevity through effective occupational stress management. **Post-lecture panel acknowledging and honoring those we've lost to PTSD & suicide**

## Pediatric Airway

Dr. Lila O'Mahony & MBCH Physician & Respiratory Therapy Team

Build your pediatric skill set and learn from the best pediatric emergency physicians in the region. Meet Pierce County PAM refresher requirements. 90 min pediatric airway lecture including techniques, physiology, & pharmacology.

Hands on skills and scenarios including: BVM, SGA, VL & DL intubation techniques, needle tracheostomy, choking and more. Meets PAM and PEAC refresher requirements.

## EMS Leadership

Medical Officers Chief Sam Fox with Central Mason Fire & Rescue and chief Jesse Fox with Central Pierce Fire and Rescue

Form the skills needed to run an emergency scene like a boss, create an effective team, and build skills for mentoring the next generation. **Agency Culture Panel**

## DONATE TO HELP SUPPORT THE NEXT GENERATION OF EMS PROVIDERS

EMS ALL classes are always free. If you would like to help support EMS students please consider donating to our scholarship fund!

Scan this QR code to donate to the Mike Smith Paramedic Scholarship. This scholarship supports both EMT and Paramedic students through tuition assistance and also helps cover many other costs of attending paramedic school such as ACLS, PALS, and the NREMT exam.
